

About Us

Whether being introduced to horses for the first time, riding for pleasure, or preparing for a show, Whispering Pines' extensive horseback riding program is available for children and adults.

Owner/operator Debbie Neuman Webster has assisted horse lovers in the Greenville area since 1980, first through J&J Stables and now at exciting Whispering Pines. Debbie has over 25 years experience in teaching at riding academies in the Midwest and locally. In 1980, she became a member of the United Professional Horseman Association, and in 1983 earned her license to be a Horse Show judge recognized by the American Horse Show Association. Debbie has trained students and horses competing in World Class Competition! Her primary goal at Whispering Pines is to provide a learning experience in a safe, "family" environment.

Whispering Pines, equipped with indoor/outdoor facilities, offers a range of courses at scheduled times, in group or private lessons at your convenience. Lessons can be scheduled at any time during the day or evening on weekdays, and during the day on Saturday. Check out the Services page for more info. Contact us today for an appointment.
